EJADA

LOCATION: NEW CAIRO.

This project was built around the idea of a ‘space journey’ to create futuristic work environment that feels innovative and intelligently designed. We focused on separated zoning, structured layouts, and a neutral palette to create clarity and flow. Each level plays a part in the experience, guiding movement and supporting focus and creativity, reflecting EJADA’s identity; now and next.

WORLD FOOD PROGRAMME

LOCATION: MAADI, CAIRO

World Food Programme design centers around the concept of an ‘Oasis’, creating a calming, refreshing environment for employees. With quiet details, natural tones, and open, breathable spaces, the design aims to bring a sense of peacefulness into the workspace. A place where productivity flows as freely as fresh air.
