EJADA

LOCATION: NEW CAIRO.

This project was built around the idea of a 'space journey' to create futuristic work environment that feels innovative and intelligently designed. We focused on separated zoning, structured layouts, and a neutral palette to create clarity and flow. Each level plays a part in the experience, guiding movement and supporting focus and creativity, reflecting EJADA's identity; now and next.

BASHAR SOFT

LOCATION: MAADI, EGYPT

For Bashar Soft, we reimagined their office to reflect energy, creativity, and seamless communication. The renovation of the shared basement area offers a dynamic space for guests, events, and informal meetings. We used vibrant, energy-boosting colors to create an environment that feels both alive and productive. Acoustic walls ensure a noise-free experience while emphasizing the brand's identity, making this office a hub of creativity and collaboration.
